

Our new fund  
can never fall  
further than this

If your clients are feeling jumpy about exposure to stock markets, our new protected fund might persuade them to take the plunge.

The Skandia Shield Fund is designed so that its price will never fall lower than 80% of the highest level it has ever achieved.

So with a limit to any potential loss – investing is now much less a leap of faith.

Find out more about the Skandia Shield Fund at [www.skandia.co.uk/adviser](http://www.skandia.co.uk/adviser)

The Skandia Shield Fund is protected not guaranteed.
