“Building a world class international financial services group off a strong SA base”

Strength of our SA business relies on normalisation of society through successful black participation in the economy

The Group has been addressing other key aspects of black economic empowerment

Ownership is now the crucial milestone

➢ Transformation a business imperative
• Sustainable transformation
• Broad-based empowerment
• Adding value, accelerating our businesses

➤ Building our future

Sustainable transformation

- Introducing new black shareholders through three separate but inter-dependent, broad-based transactions
- Resulting in black ownership worth 12.75% of SA businesses
- Costs in line with peers, substantially internally funded
- First Group offering shares in international listed entity
- Direct black ownership – full dividends & voting rights
- Part of a broader commitment by the Group to BEE

➢ Aimed at 500 000 people throughout SA

Broad-based empowerment

Accelerating our businesses

- Deal size in each company maximises value
- Every employee in every company incentivised
- Short term cost exceeded by long term benefits
- 10 year arrangement
- Entrepreneurial Black Business Partners incentivised
- Measurable performance contracts negotiated annually

➤ Makes good business sense
Funding

- Funds lent/granted to Employee Share Trusts & SPVs to subscribe for shares

- Vendor financing for Black Business Partner SPVs
  - 8.16% interest (fixed, NACA)
  - Performance can increase / reduce funding cost by 1.5% of market value at inception

- Loans to other trusts at favourable rates

Funding (continued)

- Business Development Partner (Aka Capital), Corporate Client, Non-executive Director, Black Business Partner, Retail Client & Community Schemes mechanics
  - Nedcor issues new ordinary shares at a nominal price
  - At termination, a calculation of terminal value is made, being original notional funding balance rolled up at notional funding rates
  - Nedcor then has a call option (at nominal price) to buy-back shares, with a market value at that time equal to terminal value
Advantages of funding approach include:

- Structure easy to implement
- Flexible structure – enables different funding instruments for each scheme
- Relatively inexpensive
- Ability to pass benefits to participants - attractive funding rates
- Capital neutrality achieved (modest increase in Primary Capital)
- Compliant with s38 of the Companies Act (Senior Counsel sign-off)
